

## What is the IC “PRO” Team?

### Partners Reaching Others

Your partnership will reach others in two ways:

- ❖ Your financial support will help reach the unsaved with the Gospel of Jesus Christ as you help underwrite one or more National-to-National projects (N2N) around the world.
- ❖ Your influence will help involve others within your circle of friends, business associates and family members to also make an eternal impact by helping fulfill the Great Commission through their support of a N2N project.

## What is a National-to-National Project?

A National-to-National (N2N) project is a unique strategy of International Commission to train, equip and enable nationals from outside of the United States to become effective “fishers of men” and to make disciples.

Since 1992 a N2N project has been called one of the most effective strategies to reach unbelievers, make disciples, and grow churches around the world. During these 18 years the effectiveness of N2N projects only continues to grow.

The essence of N2N projects is the first generation of participants are trained, equipped and enabled to share Christ and disciple the new believers. This generation then trains, equips and enables the next generation. It is one of the greatest stewardship opportunities for building the kingdom of God today!

## How do I Become a member?

By joining the IC PRO Team you become a voice that encourages our fellow believers to reach out to the lost in their community, regardless of where it is in the world.

There are two ways to become a member:

1. You begin by making a financial gift or commitment to support one or more N2N projects. Then, you share this opportunity with others and enlist their financial partnership to fund at least one additional project.
2. You begin by choosing a N2N project, making a financial gift or commitment yourself towards the cost of the project and then you enlist others from your church, Bible study or circle of friends to join with you to help support one or more of the N2N projects scheduled for this year. Then, you and your other friends share this opportunity with others in their circle of influence to underwrite a second project.

## How do I begin?

As you consider being a part of this incredible ministry team you should know that through your time and financial involvement as an IC PRO Team member you’ll be making a tremendous difference in the lives of thousands around the world.

Start by considering the cost of what it will take to become a significant voice that not only encourages more people and churches to help reach the lost in open and hostile nations with the Gospel, but also helps our brothers and sisters in the Lord reach the lost.

There are three levels of involvement:

- Team Leader – Enlist 3 Group Leaders and be responsible to fund one N2N project (\$3,000 or more).
- Group Leader – Enlist 2 Specialists. Be responsible to fund one N2N project (\$2,500 or more).
- Specialist – Be responsible to fund one N2N project (\$1,500 or more).

Next, pray and ask the Lord how He wants you to be involved. Then complete the commitment card or sign-up for the PRO team at [www.ic-world.org](http://www.ic-world.org).

International Commission will provide training on how to fund a project and for the Team/Group Leaders on how to enlist team members.

## How do I Know this is effective?

IC has been conducting partnership evangelism projects for over 35 years and N2N projects since 1992 -- but, you need to see what the nationals are saying about this incredible ministry opportunity:

### [Jonanias Menezes](#)

“I have been a pastor in Brazil for 40 years. I know of no other plan that is more effective in evangelism than an International Commission project. I have pastored my current church for 20 years. During this time, the church has organized four mission churches with the 5<sup>th</sup> mission soon to be started. The plan my church used was exactly the same plan as an International Commission project.”

### [Edward Dumbuya](#)

After a national-to-national project in Freetown, Sierra Leone, Edward helped establish a church where 85% of the 87 members came from a strong Muslim background. He shared, “We have been going out and using the strategy of International Commission. For us, we believe it is the most effective—it can reach the people one-on-one...we can feel the

needs of the people personally and respond to them positively.

In 2000, when IC had its first project in Sierra Leone, I served as an interpreter. It was during that project that I saw where God wanted me. It was during this time that I realized that God wanted me to share the Gospel with people who have not had the opportunity to hear the message of Jesus Christ. I have seen so much that the Lord has done in this ministry...lives have been transformed, churches have been planted.

### [Nhamo Chigohi](#)

We have 33 promoters (enlist, prepare or lead a project). These guys are doing great in enlisting and trying to make disciples and getting more people ready for the ministry. All the promoters are scattered all over southern Africa. It is really a neat thing because it is making the spreading of the Gospel go quicker than we thought it would be. We have more than 40 projects scheduled (this year).

### Because nationals can:

- Go to where many Americans can't!  
Some countries are closed and others are too dangerous for Americans.
- Go at a lower cost than Americans.

For every \$1.65 given for a N2N someone has accepted Jesus as their Savior.
